THIESEN
AUTOMOBILE RARITÄTEN

Description:

Steyr-Daimler-Puch was known for its extremely off-road capable Haflinger and Pinzgauer models and wanted to launch a commercial vehicle that was at least as off-road capable with a stronger passenger car orientation and broader engine range. With the G-Class, Austrian engineering performance was combined with German engine quality and its body shape has hardly changed since 1979. Thus, the G-Class has remained a genuine off-road performer for the toughest off-road use! The former military vehicle presented here has been extensively overhauled, completely repainted and extensively optimised by the Steyr-Puch / G-Class specialist **ALLRADWERK** in accordance with the in-house "Allradwerk" specification.

This is a timeless and extremely high-quality version of the robust off-road vehicle - classic with a wide range of uses.

Equipment:

- Four-wheel drive with upstream gearbox, reduction and differential locks
- automatic transmission
- 6 seats
- Removable hood
- Holder for extra petrol can
- 16" alloy wheels
- All Terrain tyres 265/70
- Front winch
- Wing flares in body colour
- Trailer hitch
- Additional LED lights in front
