THIESEN
AUTOMOBILE RARITÄTEN

Description:

The SL series (R107), which was launched in 1971 as the successor to the so-called "Pagoda" (W 113), established a new design line at Mercedes-Benz with its wide-beam H4 headlamps and large ribbed tail lamps. The appearance of the R107 was style-defining for Mercedes-Benz design in the 1970s.

A total of 237,287 vehicles were built between 1974 and 1989, of which only 13,742 were 300 SLs (R 107 E 30)!

This 300 SL Roadster was produced for the European market and delivered on 22.10.1985. The vehicle has only 4 previous owners and its colour **is still mostly original paint**. The total mileage is **81.200 km only**. The on-board folder with service booklet as well as an exceptionally complete and extensive documentation are available.

This is an **almost untouched original vehicle** of the last series of the legendary R107 series with very good bodywork.

Equipment:

Automatic, **rear bench seat**, radio Becker Europa, root woods, seat heating driver and passenger, ABS, hardtop in body colour, automatic climate control, electric windows, etc.

Engine:

6-cylinder series, 2,963 cm³, 188 hp (factory data)
