THIESEN
AUTOMOBILE RARITÄTEN

Description:

Completed in 2014 by top historian John Young to **FIA European specification, Class GTS and Period F, 1962–1965.**

The car was developed into a **competitive FIA car and entered in Goodwood and at Donington.**

Its 289 Ford V8 engine was originally built by Knight Racing Engines and has been further developed and recently refreshed.

The cobra is prepared to the **highest level and ready to win, with a weight of only 980 kg.**

Current HTP comes with the car incl. road registration.
