Description:

Equipped with a Ford V6 engine and an output of 204 hp as well as a total weight of only about 1,000 kilograms, the Morgan Roadster convinced in its revised version in 2008 by amazing performance. Like all Morgan models, this Roadster was completely hand finished.

Visually only minimally retouched, but with the latest technology, this Morgan is the perfect combination of reliability and a "historic look", which makes it easily suitable as a daily driver.

This Morgan Roadster Sport was part of an important **collection** and inspires besides its **unique colour scheme** and **outstanding driving performance** with its "as new" condition and a total mileage of **only 2.947 km!**

Engine:

6-cylinder, 2967 ccm, 204 hp
