AUTOMOBILE RARITÄTEN

Description:

This Alfa Romeo 2600 Spider combines Italian automobile design of the 1960s with excellent driving performance. With its powerful **2.6-litre six-cylinder engine** and a **5-speed manual transmission**, this convertible was the absolute top model from Alfa Romeo.

The Spider offered here with bodywork from Touring impresses with its **extensive and well-documented full restoration**. The current owner **invested around 300.000 € in total**, to put his vehicle in an **outstanding and unique condition**. The **technical improvements**, such as a **45 Weber carburettor**, an **electric ignition** system and the **electric power steering** makes this classic reliable and suitable for an everyday use.

Due to its **elegant colour scheme**, the **Borrani spoke rims**, the original **Hardtop** and the **perfect condition**, this Alfa Romeo is an **absolutely rare opportunity**.

Equipment:

- Hardtop
- Borrani spoke rims
- 5-Speed Manual Transmission
- Electric power Steering
- Electrical ignition system
- 45 Weber carburettor

Engine:

6-cylinder-in-line, 2.584 ccm, 145 hp
