Description:

Even at first glance, it is striking: The shape of the Ferrari 348 designed by Pininfarina is similar to that of the Testarossa. With rear lights in a black grille cover and large air intakes on the doors to ventilate the engine, it has the characteristic Ferrari look. The gearbox is installed transversely, as indicated by the letter T (Trasversale) in the model designation.

Acceleration from 0 to 100 km/h in 5.6 seconds and a top speed of 275 km/h make for tremendous driving pleasure!

Only 4,228 of the Ferrari 348 were produced as a Targa.

This Ferrari 348 was **first delivered in Italy** and is in **third hand**. The vehicle's historic registration and a Classic Data certificate are available. With a **total mileage of only 40,340 km**, the vehicle is in a very well-kept condition. In addition to the installed Tubi Style exhaust system, the original exhaust system is also available.

A unique opportunity to acquire a classic Ferrari with full history and outstanding driving performance at a moderate price.
