Description:

Only 3 original factory racing cars were built!

This car was built up from scratch by the English specialist David Ayre, using a Lagonda M 45 chassis. The car was meticulously detailed in the style of the famous Lagonda factory race cars. Since then, the vehicle has participated in several events. In **September 2005 the car was class winner at the Lagonda Club's "Concours de Elegance"**. In June 2007, the car won the sprint discipline in its class at the "Festival of Speed" on Jersey and took 2nd place at the hillclimb.
