- Prototipo
- Wooden gear knob with enamelled crest
- Porsche Classic Radio
- Navigation system
- 4x coaxial sound system
- Sports air filter
- Fog lights yellow lenses

Description:

The combination of timelessly beautiful design and **powerful, reliable technology** - that is the concept behind the Fine Eleven Signature series and the dream of many classic car enthusiasts. The vehicle presented here is **number 13** of the Signature series, which has so far been limited to 19 units. The unique conversion offered here was based on a very well-preserved Porsche **911 3.2 Carrera Targa**, which was delivered in Illinois, USA in 1988. The vehicle was completely built up new at great expense. The attractive appearance of the early 911 was combined with the improved technology of the later 911 G models. The conversion process is well documented by an extensive photo album and available invoices.

Engine:

6-cylinder Boxer engine, upgraded to ca. 285 hp
