Description:

To mark the 50th anniversary of the 911, Porsche launched a special model that was limited to 1963 vehicles. The vehicle based on the Carrera S also received the wider rear of the Carrera GTS and all-wheel drive models. Like the original 911, the anniversary edition of the 911 Carrera S is a coupé with a six-cylinder boxer engine in the rear with rear-wheel drive. The efficient performance, the active sports suspension and the exclusive special body are cutting-edge.

The special model offered here was delivered on January 9th, 2014 via the Porsche Center in Stuttgart, Germany. Since then the vehicle has only run 6,500 km and all services have been carried out regularly. With its condition as new, this is a rare opportunity for every Porsche collector and immediately triggers nostalgic feelings.

Engine:

6-cylinder-engine, 294kW (400HP), 440 Nm, V-max. 302 Km/h (Factory Spec.)
