- Electr. windows
- Leather interieur
- Bordcomputer
- Power steering
- Sound package
- Electr. Comfort seats incl. heating
- Air-Conditioning

### Description:

The 993 Carrera 4S belongs to the 1995 model year, which closes a gap between the naturally aspirated 993 and the 993 Turbo. Visually a cross between Carrera and Turbo, the "4S" is for many the most beautiful of the 993 series. The wide body, including the front bumper and side skirts, as well as the chassis and brake system belongs to the 993 Turbo – but the massive rear spoiler has been renounced. This results in an exciting combination of sportiness and elegance, of which just 6,950 units were produced.

The Porsche 993 Carrera 4S offered here has been produced during the last model year and was **delivered in 1998 via the Porsche Center in Lübeck**. The vehicle is currently in its **3rd ownership**. In addition to its **well-documented history** and a mileage of just **96.900km**, it convinces with its almost **untouched original condition**.
