- Command APS with DVD
- electr. Seat adjustment with Memory
- Walnut wood
- Electronic Stability Programme ESP
- DISTRONIC / Parktronic
- Side running boards
- Trailer hitch
- Heated seats
- Sparewheel cover in alloy

Description:

At the end of production of the short G-Class three-door model in 2012, a limited special edition called "**BA3 Final Edition**" was launched. The model featured a redesigned dashboard and the revised V8 engine with 5.5 litres and 388 hp. In addition, there were many visual details from the AMG range and 18-inch alloy wheels. **Only very few vehicles were produced in total.**

The vehicle on offer here is a very well-maintained example with just **48,120 km** and extensive special equipment.

A unique opportunity to acquire one of the very rare short G500's in collector's condition!
