- 7-speed M dual-clutch transmission with Drivelogic
- Carbon roof
- Lightweight interior with full bucket seats
- Automatic climate control
- BMW Professional radio
- Roll cage with 6-point harness preparation
- Anthracite headliner

Description:

The BMW M3 GTS was introduced in 2010 as a strictly limited lightweight and high-performance version of the E92 M3. Equipped with an enlarged 4.4-litre high-revving V8 engine, a 7-speed dual-clutch transmission, a titanium exhaust system, and a fully adjustable coilover suspension, it was uncompromisingly designed for driving dynamics. The car accelerates from **0 to 100 km/h in just 4.4 seconds** and reaches a **top speed of 305 km/h** – factory-delivered without electronic limitation. Production was limited to **just 150 units worldwide**, each hand-built by BMW M GmbH.

The vehicle offered here is **serial number 23**, delivered in the exclusive special colour **Fire Orange**, and features all factory GTS-specific equipment – including a lightweight interior with bucket seats, deleted rear seats, integrated roll cage, motorsport pre-installations, and a carbon roof. Today, the M3 GTS is an absolute rarity among modern M models and represents a highly desirable collector's item with genuine motorsport character.
