- Liftsystem in the front
- 90-litre fuel tank
- Full carbon bucketseats

### Description:

“Less wings, more 911” – just like its predecessor, the 991, built from 2011-2019, the 992 GT3 is available with a touring package. Without the striking rear wing but with the same performance as a GT3, the Touring continues the typical Porsche shape, which is as elegant as it is sporty.

This Porsche 992 GT3 Touring was delivered on **22.02.2022** and stands out with its highly desirable **GT Silver Metallic paintwork, black interior**, and extensive **carbon fibre options**. The vehicle is in **like-new condition**.

Its extensive list of factory options includes **PCCB brakes, carbon roof, front-axle lift system, reversing camera**, dual-clutch transmission (PDK) and the **BOSE premium audio system** – making it an ideal companion both on track and in everyday use.
