- Reversing camera & Park Pilot with PARKTRONIC
- 19"/20" AMG forged wheels in cross-spoke design

Description:

The AMG GT—following the SLS—is the second vehicle developed entirely by AMG. The front-mid-mounted 4.0-litre V8 biturbo produces 510 hp. The C190 series, introduced in 2014 and produced until 2021, quickly became a mainstay of the Mercedes-AMG portfolio.

The example offered here has covered only 2,400 kilometres and presents itself cosmetically in as-new condition. The car comes with 7-speed Speedshift automatic transmission and extensive equipment—including AMG Dynamic Plus Package, panoramic glass roof and Burmester sound system. This AMG GT S Coupé unites maximum driving dynamics with luxurious specification. It is a classic of tomorrow.
