- Blaupunkt radio
- 16-inch Fuchs wheels
- Tinted windows

Description:

The 911 Speedster is a tribute to the legendary 356 Speedster. Only 1,942 examples of this special model with factory Turbo Look were produced. With its low windshield, distinctive double-hump rear cover, and characteristically purist appearance, the Speedster ranks among the most sought-after variants of the G-series.

This particular vehicle was completed on May 24, 1989. The **low mileage** of only 38,200 km is documented through a **comprehensive history** (service booklet, invoices, etc.). The Speedster is in exceptionally well-maintained collector condition and largely retains its original paint. Of particular note is the attractive custom **"Paint to Sample" satin black finish**, as well as its **extensive special equipment**. This car offers the rare opportunity to acquire an exceptionally well-preserved Speedster with authentic history.
