- Leather interior
- Tinted glass
- Electric windows
- Radio Blaupunkt Cologne

Description:

The Porsche 911 SC ("Super Carrera") was introduced from model year 1978 as a further development of the 911 series and was equipped with a 3.0-litre six-cylinder boxer engine. The 204 hp version offered here reached a top speed of 235 km/h. The combination of performance, suitability for everyday use and reliability makes the SC a sought-after classic to this day.

The vehicle offered here from the 1983 model year was **extensively restored** in Germany on the basis of its **well-preserved original condition**. The work included in particular the paintwork, interior and overhaul of the entire technic. **The rare and original colour scheme in slate blue metallic with dark blue leather interior and the excellent condition of the vehicle are very appealing.**
