Description:

The Peugeot 205 is considered an icon of French small car design and, with its compact and timeless construction, became one of the most successful models of its era. Today, examples in authentic and unrestored original condition are particularly sought after – such as the vehicle offered here. The **special edition "Look"** takes its visual inspiration from the **sporty GTI variant**.

This 205 was first registered on July 15, 1991, in Wolfenbüttel and is presented today with a mileage of **just 49,150 km** in remarkably **original and well-preserved condition**. The vehicle comes from second ownership and includes the original registration documents along with complete on-board literature, including the service booklet. The ownership and service history is fully documented.
