Description:

The Mercedes-Benz SLS AMG is the first model developed entirely by AMG and is already considered a modern classic. With its iconic design, gullwing doors, and hand-built 6.2-litre naturally aspirated V8, it sets benchmarks in performance, sound, and long-term value.

This SLS was first delivered on **27 May 2013** and has a mileage of only **26,720 km**. It is in **second ownership**. The vehicle is in **excellent overall condition**, as documented by a **complete service history** and **extensive invoice records**.

A vehicle in good condition – with strong potential for collectors and enthusiasts of high-performance AMG models. **A classic of tomorrow.**
