Description:

Between 1955 and 1963 a total of 25,881 vehicles of the type 190 SL were manufactured.

This very beautiful 190 SL has been first delivered in Germany. Later the car was fully restored in all detail from bare metal. The restoration was done by a well known marque expert.

Since then the car covered just 1,800 km and had just been serviced.

The Roadster impresses with the high class restoration, its new appearance and the beautiful colour combination. A copy of the original **Mercedes-Benz delivery sheet** is available.
