Description:

The Ferrari 296 GTB marks the beginning of a new era of V6 hybrid supercars with impressive driving dynamics and power delivery. The 830 hp powertrain combines a 3.0-liter V6 twin-turbo engine with an electric motor – a technical masterpiece that ensures maximum driving pleasure.

The model offered here is **in as new condition**, comes from its **first owner**, and has a mileage of **just 1,118 km**. This Ferrari has extensive equipment with a large carbon package and comes in the classic Ferrari colour “Rosso Corsa” with black leather and red accents. The front of the car has been covered with a clear protective film. A recent service has just been carried out.
