- TV tuner

Description:

The Mercedes-Benz AMG S 65 Cabriolet represents the pinnacle of classic Mercedes-Benz twelve-cylinder engineering. As a facelift version of the A217 series, it combines state-of-the-art comfort and safety technology with the sovereignty of the legendary 6.0-liter AMG V12 biturbo engine. The combination of luxurious open-top driving, outstanding long-distance capability, and uncompromising power delivery already makes the S 65 a symbol of exclusivity and the brand's engineering excellence.

The vehicle offered here is a later production example featuring the facelift. It was initially registered to Daimler AG before passing into the hands of its current owner in 2019. With a **mileage of only 35,000 km**, the car is presented in a **very well-maintained condition**. The elegant colour combination in Selenite Grey Metallic with black exclusive leather emphasizes the distinguished character of this exceptional cabriolet. The **service history is complete**, with all maintenance carried out regularly **by Mercedes-Benz**. A modern twelve-cylinder classic – rare, prestigious, and with significant future potential.

Engine: 6,0-litre AMG V12 Biturbo, 630 PS, AMG SPEEDSHIFT 7-speed automatic transmission
