AUTOMOBILE RARITÄTEN

Description:

The Ferrari F355 GTS is regarded as one of the most desirable V8 models from Maranello, combining timeless styling with modern driving dynamics. As a targa version, it offers an especially engaging driving experience thanks to its removable roof panel. The transversely mounted 3.5-litre V8 delivers immediate power response, a distinctive soundtrack, and impressive high-rev performance. Paired with the F1 transmission, the F355 represents the transition from the classic sports car era to modern Ferrari engineering, while still offering remarkable everyday usability and emotional appeal.

The Ferrari F355 F1 GTS presented here was delivered new in Germany to **its first owner**, a dedicated Ferrari enthusiast. First registered on 28 October 1997, the car has remained in the same ownership ever since. In addition to its **low mileage of just 68,700 km**, the vehicle stands out with its classic Rosso Corsa exterior and black leather interior. **Original onboard documents, including the service booklet**, are available.

The vehicle is presented in well-maintained condition. With its highly sought-after GTS body style, limited production of only **2,577 examples**, and widely appreciated driving characteristics, this Ferrari offers excellent prospects for continued driving enjoyment as well as genuine collector potential. The F355 embodies all the qualities of a modern classic: timeless design, exhilarating performance, and enduring admiration among enthusiasts to this day.

A major service is currently due and can be commissioned upon request by the buyer.

Engine 3,5-litre-V8-engine, 3.496 ccm, 380 hp (279 kW)
