The Mercedes McLaren SLR is a Supersportscar that was developed by Mercedes-Benz and McLaren. The Design Team had the spectacular 300 SL Uhlenhaut Coupe in mind - which is nowadays the most expensive Classic Car in the world - and so the butterfly doors and the additional air vents in fenders and enginebay bonnet were used here as well.

Here is a rare opportunity to buy one of only 2.157 SLR Coupes. The car was registered in France when new and did only 2.900 km since. Shurely a good collectors car / investment.
