— Automatically dimming interior and exterior mirrors with rain sensor
— Brake calipers painted in high-gloss black
— Exclusive Design rear lights
— Leather cupholder cover
— Leather fuse box cover
— Storage Package

Description:

With the latest update to the current 911 generation (992.2), Porsche introduces a GTS with hybrid power for the first time. The six-cylinder boxer engine with a single turbocharger and electric assistance – a concept Porsche calls T-Hybrid – delivers a combined system output of 541 hp. As a Targa 4 GTS, it combines permanent all-wheel drive with the exclusive GTS equipment line.

What makes this particular vehicle stand out, apart from its extensive optional equipment, is the attractive color combination of the special **Irish Green** exterior paired with a **Black leather interior**. With just **6,000 km** and from **one previous owner**, the vehicle is in an almost new condition and represents an excellent opportunity to acquire a modern Porsche.

The vehicle is also covered by the **Porsche New Car Warranty until October 2026**. Porsche Approved warranty extension can be arranged upon request. All handover documentation as well as the **complete original factory invoice** are available.

Engine: 3,6-Liter-sixcylinder-Boxer engine (T-Hybrid), 398 kW / 541 hp
