— Traffic sign recognition, and much more

Description:

The 911 GT3 RS (992) is the most uncompromising motorsport interpretation of the current 911 generation. Its active rear wing, front diffuser and central radiator outlet generate maximum downforce. The 4.0-litre naturally aspirated flat-six produces 525 hp, accelerates from 0 to 100 km/h in just 3.2 seconds and is exclusively paired with an 8-speed PDK transmission.

This GT3 RS was delivered by **Porsche Centre Hamburg** and, with just **1,000 km from new and a single owner**, remains in **as-new condition**.

Engine: 4,0-litre-6-cylinder-NA boxer engine, 525 hp / 386 kW
